- Met regularly with SASS partners to develop metrics, a project management tool, and to share lessons learned.
- Convened SASS partners at the **SSP Spring Retreat** in Sheet'ká Kwáan/Sitka, Alaska, April 26-28, 2023. The event was the largest retreat on record, with **160 people from over 60 entities**.
- Working with **SASS Storyteller Lee House**, we **presented our progress at the Southeast Conference's annual meeting**, September 19-21.

Impacts in Communities and Focus Areas:

Worked across **6 communities** and **9 focus areas**, with adjacent work in the communities of Kake and **2 training programs** in Hoonah and Wrangell.

- 3 new cultural programming initiatives
- Served 54 participants
- Brought in 11 cultural specialists

- Approximately 100 acres of riparian forest restored
- 7 salmon streams surveyed by 2023
- 6 crew members completed field sampling and GIS training

Seacoast Indigenous Guardians Network

- SIGN officially launched to the public
- Hired 5 Guardians
- Partnered with Sitka Sound Science Center and Oceans Conservancy to pick up 1,400 pounds of beach debris.

Youth Stewardship

- 4 Crews supported comprised of 93 Youth and 19 Crew leads
- 22 miles of trail improved
- 500+ trees/shrubs planted
- Hauled 5,000 pounds of trash
- 800 gallons of wild food processed
- 17 Community Events
- 30 postseason work opportunities

Mariculture

- 7 individuals/businesses/organizations supported
- Co-facilitated programming across 41 unique entities
